

UNIVERSAL VERTICAL CABLE MANAGER RINGS

Generic Universal Cable Management Rings offer an organised format for patch cord management. Vertical Rings provide a separate cable path to service the entire cabinet, making it easier to find and relocate patch cords. All Rings are comprised of black high impact self extinguishing UL rated plastic and can be rings mounted on the side of patch panels, up and down the cabinet.

- ➔ 3 sizes available
- ➔ Flexible cable entry
- ➔ Mounting base for Rack Installation
- ➔ Reinforced Plastic Molding
