

# HORIZONTAL SHUTTERED FACEPLATE

The Generic Universal Shuttered Faceplates offer the communications cabling installer both reliability and flexibility when fitting off work area outlets. The unique rear molding will accept limited Keystone Jacks and also Systimax® M-series Jacks. The Plates are designed to be mounted horizontally in standard 115 x 70mm Mounting Blocks, Junction Boxes and C-Clips. The Generic shuttered plate has a very clean surface making it suitable for Traffolyte and clear tape labelling systems.

- ➔ Robust Shutter Mechanism
- ➔ Accepts Keystone\* and M-series jacks
- ➔ Available in Single, Dual & Triple Versions
- ➔ Available in Black & White
- ➔ Horizontal Mounting

\* Not suitable for Krone Keystone Jacks
